

PQ-LIC4

Upgraded from T5 fluorescent, this LED pendant offers another option for contemporary indoor lighting solutions. Its triangle-like body shape adds vitality to the integrated environment.

Features:

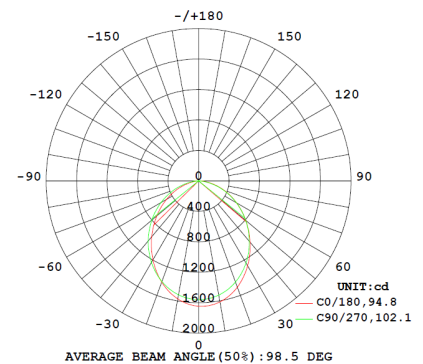

- Premium aluminum housing, anodized or color powder coating
- High transmission opal diffuser
- 1-10V, DALI, DSI dimmable available; Sensor and emergency batteries kit
- Suspension installation

Benefits:

- Easy upgrade to LED with same fitting from T5 fluorescent
- Modern aesthetic in ultimate simplicity
- Even light distribution
- Wide and slightly deep light distribution for shadow-less illumination
