PRODUCT DATA SHEET

UP-DOWN LED EXTERIOR WALL LIGHT

PQ-WLPR

- High quality diecast aluminum and environmentally friendly materials.
- Silicone rubber waterproof seal and internal epoxy potting ensure superior waterproof performance.
- High-brightness light source, low power, low heat, up to 50,000-hr lifespan. Unit can produce light in different colors.
- The lamps are sealed. Extruded and molded power connections make it resistant to water, dirt and weather conditions.
- Consumes up to 15% less energy than traditional lighting units, so will quickly pay for itself.
- Easy to install. Quick mount installation accessories are available.

3 YEAR WARRANTY

Lifespan 50,000 HOURS

IP65 IP LEVEL

SPECIFICATIONS			
Power	12W	Housing color	Black, Gray
Size	L65 x W110 x H230 mm	Light color	White
LED chip	Epistar	Voltage	AC100-277V
Material	Diecast aluminum	Beam angle	15°/30°/60°/90°
Light efficiency	80 lm/W	Lifespan	50,000 hrs
Protection level	IP65	Warranty	3 years for ETL
Power factor	0.95	Certificate	CE, RoHS, ETL and cETL
CCT	4000K		

EXAMPLE: PQ-WLPR-XXK-012W

Color LED XXK = 4000K=041K , 3000K-031K, Red=Red, Blue=Blu, Green=Gre, Purple=PPL, Pink= Pin

Comes in Black and Gray
