

RECHARGEABLE CORDLESS LED HEADLAMP

PQ-HGLF

- Inductive charging digital cordless LED miner light rechargeable headlamp
- OLED digital display shows date, time and battery capacity, and can remind user to recharge it when battery charge falls below 1 hour of illumination
- Wireless magnetic inductive charger has longer lifetime than old-style charger.
- March Expo 2021 selection

SPECIFICATIONS

Power	1W	Highest surface temperature	≤50°C
Intensity of illumination	15000 lux	Dimensions	90 x 73 x 64 mm
Lifespan	100000 hrs	Weight (battery included)	209 g
Power Source	Rechargeable lithium-ion battery	Luminous efficiency	140 lm/w
Battery capacity	6600mAh	Ex-mark	Exia II CT6 Gb
Battery rated voltage	3.7	IP Rating	IP68
Battery charging time	≤8 hrs	Warranty	1 year
Battery lifespan	1000 charges	Feature	OLED display screen
Charger	Magnetic inductive charger	Color temperature	5000K (Daylight)
Charger input voltage	AC 100~240V	CRI	80
Charger output voltage	DC 5V	Body material	PC
Charger output current	1.5A	Certifications	CE, cETL, RoHS
Lighting time	High bright 13 hrs Half bright 26 hrs Backup light 100 hrs	Operating temperature	-20°C~40°C
Lighting distance	200 m
